HAGUE QUALITY WATER OF MD GIVES BACK TO THE MILITARY COMMUNITY Holiday Giving

Annapolis, MD, November 21, 2016 – Hague Quality Water of MD, a leading provider of water treatment and plumbing solutions and supporter of military families, is giving back to the military community through Wreaths Across America and Operation Christmas Spirit.

On National Wreaths Across America Day, volunteers place wreaths on individual veterans' graves in over 1,100 locations throughout the U.S. This year, Hague Quality Water of MD donated wreaths to the United States Naval Academy Cemetery in Annapolis, MD. The company's employees and friends will volunteer time on December 9, 2016 to lay wreaths and speak the names of fallen soldiers at the cemetery.

To make a tax-deductible donation toward the USNA wreaths or to join us in laying wreaths on December 9, visit <http://tinyurl.com/zrodqtz>. The deadline for donations is November 30.

“Remember this.... In truth a person dies twice, once when he stops breathing, and a second time when somebody mentions his or her name for the last time. Join us...when over one million volunteers nationwide, will say the names of a million fallen out loud, to make sure they will never be forgotten,” Karen Worcester, Executive Director of Wreaths Across America.

Operation Help A Hero (OperationHelpAHero.org) supports military units and families as they prepare for separation and while they endure the challenges of deployment. Their projects connect communities with service members and provide real opportunities to make a difference. Hague Quality Water of MD employees are proud to support Operation Christmas Spirit by sponsoring a family in need at Joint Base Andrews in Prince George's County, MD. With their support, the family will receive needed items and gifts on December 21, 2016.

Hague Quality Water of MD is a service disabled veteran-owned business.

Hague Quality Water of Maryland provides refreshing solutions for residential and commercial water treatment and plumbing services in Maryland, Delaware and Washington, DC. Our mission is to make our customers happy by providing and installing the finest and highest quality solutions that will provide them years of trouble-free use.
